ALL IS HURRY—GEO. M. SNOOK & CO.

ALL IS HURRY, BUSTLE AND EXCITEMENT!

In our Cloak and Dress Goods departments, for wonderfully interesting are the many lines of unusual merit that now engage the attention of hosts of Dress and Cloak buyers.

Here are the 59c Henriettas in ten shades that have actually been retailed at \$1.00 per yard. Then at 39c per yard come the All-Wool Henriettas, Serges and Diagonals that have formerly sold at 75 and 85c per yard. Further on, at 50c per yard, you will find a line of novelties, consisting of scores of color-combinations, hardly any of which look one whit less pleasing than those costing double the money. Next, at 39c per yard, are seen a line of novelties hardly less desirable. And when it comes to Covert Cloths, they are here in all shades, weights and qualities.

But the handsomest line consists of rich, exclusive Novelties, one pattern of a kind, which are rapidly being taken up, hence we urge immediate purchases. As to Trimmings, will say that pointed Jot and choctot effects, in conjunction with Fur, Velvet or Silk, will preponderate.

CLOAK DEPARTMENT.—The swell Prince Albert Coats, made of Boncel, Chinilla, Kersey, Covert, Cheviot, Beaver, Melton and other cloths. The beautiful Derby and Golf Capes in a great range of materials.

The ever-stylish, full-sweep Fur Capes, in Mink, Martin, Monkey, Persian, Astrakhan, Skunk, Dyed Raccoon, Electric and French Seal, Plucked Coyote, etc., all unite in making a cloak department the equal of which can hardly be found in cities twice and thrice the size of Wheeling.

Board of Equalization Done.
The council committee on equalization and appeals held its final meeting yesterday. The reports of the sub-committees on real estate in the wards south of the creek were received, and in the pending petitions acted on. The committee's entire work will make little change in the assessment for taxes.

An Alleged Thief Arrested.
Wednesday afternoon Marshal Gocke, of Benwood, arrested the fifth party connected with the robbery of the smoke house of David Ramsey, of Jacobburg, Belmont county, O. His name is William Faustick. He refuses to go to Ohio without a requisition. His four accomplices were arrested and sent to jail at St. Clairsville last week.

Benwood Water Works.
This evening at the meeting of the Benwood town council the promoters of the Benwood water company will appear and advocate certain changes in the franchise recently given by council. In the event that the concessions asked are granted the company will at once proceed either to bore a number of wells or secure water for the Marshall county town from the Wheeling mains.

A Saloon Keeper Assigns.
Yesterday a deed of assignment was filed with Clerk Hook, by which Henry Plock, a saloon keeper who has been doing business at 1151 Market street, and his wife transfer to George E. Boyd all the stock, fixtures and furniture in the saloon and a lot on Zane street, in Zane's addition, on the island, for the benefit of his creditors, and more especially to secure the prompt payment of a promissory note for \$1,100, payable to L. Haller, P. Welty and Jacob Korn.

Emancipation Celebration.
The colored people will celebrate the emancipation by Lincoln's proclamation at the state fair grounds to-morrow. M. C. Mitchell, esq., of Martin's Ferry, will be chairman. The procession in Martin's Ferry will move promptly at 9:30 a. m., from the corner of Fourth and Hanover streets. It will be headed by the city officials and a brass band and the line of march will be over Fourth, Jefferson, Broadway and Etna street to the steel bridge. A procession will form at Bridgeport, consisting of delegates from Barnesville, Bollaire, St. Clairsville and Bridgeport and walk over Bank street and Pike street to the steel bridge, where the two will meet and march to the fair grounds, over North Huron, Virginia, Penn and Ohio streets, the Wheeling delegation falling in on Penn street.

In the Circuit Court.
In Judge Campbell's court yesterday in the case of Mattie McLaughlin vs. Hiram Teter an order of reference was entered.

In the case of L. Strouse et al. vs. John G. Kline et al. the demurrer was overruled and the defendants given time to file an answer.

In the matter of the application of Ethel King for a mandamus requiring Squire Gillespie to accept bail for her, a mandamus nisi was issued, returnable September 26.

In the case of Louis Stifel vs. A. G. Boone et al., the sum of \$207.28 was ordered withheld from Catherine Boone until further action by the court, and that she be notified of the filing of this suit.

In the United States Court.
The United States district and circuit courts, Judge Jackson presiding, met yesterday afternoon. The dockets were called in both courts, and the few cases pending set, continued or otherwise disposed of.

In the case of George W. Robinson vs. H. S. White, the demurrer of defendant was sustained.

The case of the United States Glass Company vs. The West Virginia Flint Bottle Company, was continued, and the cause removed to Parkersburg.

The case of United States vs. Carl Toothman and others, was continued.

In the two cases of United States vs. Zack Stout, the court ordered a verdict of not guilty.

The case of United States vs. Albert Bauman, charged with using the mails for unlawful purposes, will likely be tried at this term. This is the case growing out of the Bachman case.

In the district court, in the case of Owen Carr and others vs. the steamer J. H. Lowrie, the report of the master was confirmed.

REPUBLICANS! do not forget the meeting at the I. O. O. F. hall this evening. The Ohio County Club will open the fall campaign.

IRVING W. LAMORE, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balm to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one half the time usually required.

THE OHIO RIVER

Has at Last Got a Creditable Move Onto Itself.

ALL OF THE PACKETS TO RESUME

Within a Week, including the Cincinnati-Pittsburgh Line—Information as to the Time of Resumption. An Immense Amount of Coal Will be Moved Out of Pittsburgh by Water—Seventeen Feet of Water at Wheeling.

The Ohio has finally got a worthy move on itself, enough so, in fact, that a good packet and coal boat stage of water will result on the upper Ohio. The rains of the past three days have been general in the upper valley and in the Allegheny and Monongahela valleys, so that now every stream, big and little, is pouring out its quota of mud and water into its big brother, the Ohio. At Parkersburg, on the Allegheny, yesterday the marks recorded six foot and going up. This is remarkable, considering that the marks at that point have within the past week recorded a stage below zero. The stage expected at Pittsburgh is fourteen or fifteen feet, and that means a sixteen or seventeen foot stage at Wheeling.

In consequence of the welcome rise the steamboatmen are very active these days. The big Cincinnati-Pittsburgh packet, Scotia, laid up at the upper end of the city, will leave this morning, probably, for Pittsburgh, and Captain Henderson, the general manager of the line, announces that she will be sent out from the Smoky City for Cincinnati on Saturday, her regular day. The Keystone State, laid up at Marietta, will leave that port for Pittsburgh Saturday morning, passing this city Sunday morning. She will be here on the down trip Tuesday morning at 8 a. m. The Hudson, which has been laid up during the low water at Cincinnati, will leave for Pittsburgh Saturday evening at 5 p. m., her usual hour; she will pass up by Wheeling on Tuesday morning and return at 8 a. m. Thursday. The Iron Queen will remain at Cincinnati until October 1, not being ready to come out now.

Of the other boats the Bon Hur will be up for Pittsburgh Sunday morning at 4 o'clock and returning to Parkersburg will leave Monday at 2 p. m. The Lizzie Bay and H. C. Bedford will also leave in a few days. Not the least important effect of good water will be the moving out of Pittsburgh of an immense amount of coal by water to Cincinnati, Louisville and New Orleans. Altogether the river man is a happy individual just now.

The night reports received from headwaters show both rivers are rising rapidly. The reports are as follows:
Ohio City—River 5 feet and rising. Weather clear and cool.
Warren—River 5 feet and rising. Weather clear and very pleasant.
Greensboro—River 7 feet 3 inches and stationary. Weather cloudy and cool.

All are in Fine Shape.
Captain James A. Henderson, superintendent of the Pittsburgh and Cincinnati packet line, will be here to-morrow, says the Cincinnati Times-Star, to begin the arrangements of placing the boats of the line in proper condition for service. During the summer all the steamers of this most excellently managed line have been docked, repainted and refurnished, and several of them, notably the Iron Queen, have had decided improvements made that will increase their speed.

St. Clairsville Buys a Chemical Engine.
The St. Clairsville council has purchased from Captain Bush a fifty-five gallon chemical engine, made by Holway & Co., Baltimore, Md. It will weigh 1,100 pounds, and is to be drawn by hand. Sixty days will be given the company to make a test satisfactory to the committee. It will cost \$900, \$200 down, the balance in two payments within two years. There was some talk of an injunction restraining the committee until it provided for payment, but this was killed by the council meeting Wednesday evening, passing an ordinance appropriating the amounts from the general fund.

Only Unimportant Wells Now.
Says Thursday's Pittsburgh Dispatch: The gusher period of the Mannington, and, in fact, all of the West Virginia fields, seems to have gone glimmering if the late wells completed are to furnish a sample of what the future has in store for those operating in that region. In the McElroy district, Doddridge county, the South Penn Oil Company has completed its No. 2 D. J. Smith and will have a twenty-five-barrel pump. The same company's No. 5 Costello, in the same part of the field, is good for sixty barrels a day. Neither well is important as to location.

This evening every Republican should be at the meeting of the Ohio County Club in I. O. O. F. hall.

NEW FALL STOCK—THE HUB CLOTHIERS.

Surpasses All Expectation. THE HUB'S NEW FALL STOCK.

A perfect avalanche of stylish goods, which is unequalled in the state, all the new styles, novelties, designs and materials, the product of experience, energy and capital, combined with a perfect knowledge of what the people in this vast business center require. Great and enormous as has been our business heretofore, we are reaching out for more trade with irresistible inducements beyond the whisper of competition or comparison. The glories of the past sink into insignificance beside our present wondrously remarkable stock; all of which has been carefully selected by our buyer, who, having a perfect knowledge of the requirements of our customers, having known exactly what to purchase for the great army of bargain seekers of this city and surrounding country.

Business Men

Can save money by purchasing their suits from us. We have met with unexceptionable success this season in making our selections. There are many changes in style this fall in suits and overcoats, but we have carefully watched them and have a stock of garments to show which will generally be acknowledged to be the most stylish in the city, and men who wish to get an elegant fit, quality and fashionable style at a moderate price can be satisfied here. The early buyer gets the choice, and we invite fat men, lean men, short men, tall men and stout men to come and see us.

For School Wear.

We have ironclad garments that will defy successfully the violent treatment which they may expect. For Sundays and holidays we have suits of finer materials, all the product of the very best manufacturers in the country, which we are offering at prices that cannot be discounted anywhere. Bring in the boys and let us rig them out. You will save money by doing so.

With every Boy's Suit purchased this week we give away one of the great Multiform Combination Tops, the greatest toy ever invented. Come and see them at
